

## **March 13, 2020**

Physicians currently registered to take the spring ConCert Examination may be under travel or other restrictions that do not allow them to participate in the exam. Those who cannot take the exam have the option of rescheduling their exam or cancelling their appointment and obtaining a refund of their exam fee. Please contact ABEM ([moc@abem.org](mailto:moc@abem.org) or 517.332.4800, ext. 383) to exercise either of these options.

Additionally, due to the impact of COVID-19 on scoring operations, scores for the spring ConCert Exam will take longer than 90 days to post, which is lengthier than stated in ABEM policy.

## **March 17, 2020**

In light of the situation related to COVID-19, Pearson VUE has closed its testing centers until April 16, 2020. The spring administration of the ConCert Examination is therefore cancelled. ABEM is currently exploring options for rescheduling, and we will share this information with you as soon as possible. Due to the high volume of calls we are currently receiving, we ask that if you have a question, please email us at [abem@abem.org](mailto:abem@abem.org).

## **March 27, 2020**

Read an [open letter](#) to ABEM-certified physicians and residents about recent ABEM Board decisions.
