

Policy on Content Specifications of Lifelong Learning Self-Assessment Tests for Emergency Medical Services

BACKGROUND

This policy guides development of the Emergency Medical Services (EMS) Lifelong Learning Self-Assessment test that is part of the Lifelong Learning and Self-Assessment (LLSA) component of the EMS Maintenance of Certification (MOC) program.

POLICY

Each biennial Lifelong Learning Self-Assessment (LLSA) test will consist of 20 to 30 multiple choice test items based on that year's Emergency Medical Services (EMS) LLSA reading list. Each EMS LLSA reading list will relate to content listed in *The Core Content of EMS Medicine*.

The EMS Examination Committee or its designated editors will maintain final control in the selection of the content of the biennial LLSA tests to assure that the content of each test is in accord with the approved content blueprint.

EXCEPTION

None

RELATED DOCUMENTS

The Policy on Solicitation and Criteria for Selection of Readings for Lifelong Learning Self-Assessment Tests for Emergency Medical Services will guide the Examination Committee's selection of readings for the biennial LLSA reading lists. The Policy on Acceptable Use of Lifelong Learning and Self-Assessment Test Materials defines the acceptable use of the copyrighted LLSA test materials. The Policy on Candidate Requests for Investigation of Lifelong Learning Self-Assessment Tests and the Appeal Process Related to the Policy on Candidate Requests for Investigation of Lifelong Learning Self-Assessment Tests outline the procedures for candidates wishing to protest the administration of LLSA tests.
